

## What we do

Join us for sociable, non-competitive cycle rides in the local countryside – tea stops and good company included! We organise four to six rides a week throughout the year – see details on the right. Non-members are welcome on all our rides.

## What to bring

Your bike! No particular type of bike required, but make sure it is in good working order. Check the brakes and gears work. Put some oil on the chain and check the tyres are pumped up fully. Carry tools to allow you to mend a puncture. Bring enough cash for the refreshment stops or to pay for a taxi home in the unlikely event of a complete breakdown. Bring lights for all rides in the winter and for the evening rides in the summer.

## How to join

You don't have to be a member to try us out, and there's no need to tell us in advance that you're coming. All rides are listed in our monthly rides lists, which are available online. Guests will be asked to sign a guest entry form. If you want to come out with us regularly, please join the club.
